Office of Foundation Relations

The Office of Foundation Relations (OFR) supports WSU faculty, staff, and leadership who would like to explore **private foundation opportunities** and learn to strengthen and grow those mutually beneficial relationships.

We strategically coordinate partnerships with grant-making foundations whose funding initiatives align with the University's commitments and strengths in research, education, and outreach.

Services we provide:

- Identification, coordination, and research of potential foundation partners

- Letter of Intent and Proposal development

- RFP process guidance and support

- Insights on foundations with which we have relationships

- Planning and staffing support for on- and off-campus site visits

- Gift and Grant stewardship and reporting support
